

Webinar invitation

Webinar: Investor expectations and corporate climate disclosure in Asia.

The Asia Investor Group on Climate Change (AIGCC) and FTSE Russell are pleased to invite you to a webinar to discuss the findings from the report [‘Building on the base: TCFD Disclosure in Asia’](#), the first comprehensive guide developed by investors to look at climate change reporting by publically listed companies in Asia against the Taskforce on Climate-related Financial Disclosure (TCFD).

AIGCC worked with EY and FTSE Russell to look at current levels of reporting by Asian companies in key industry sectors and across major markets in the region. It draws upon previously unpublished data analysis of corporate reporting on climate change and is the first report to benchmark performance against the TCFD for the region.

This guide outlines the expectations that investors have of listed companies on their climate disclosure and is designed to provide a practical tool for investors as they work in partnership with their investee companies in Asia.

Join our webinar to hear more insights from the report and how investors expectations are helping to drive increased climate related disclosure in Asia.

Date: Tuesday 4th December

Time: 3pm Taipei/HK/SG, 4pm Tokyo, 6pm Sydney, 7am London

Speakers:

Rebecca Mikula-Wright, Director, Asia Investor Group on Climate Change (Moderator)

Arisa Kishigami, Head of ESG Asia Pacific FTSE Russell

Dr Graham Sinden, Director of Climate Change & Sustainability EY

Sophia Cheng, CIO, Cathay Financial Holdings

About the Asia Investor Group on Climate Change (AIGCC)

The Asia Investor Group on Climate Change (AIGCC) is an initiative to create awareness among Asia’s asset owners and financial institutions about the risks and opportunities associated with climate change and low carbon investing. AIGCC provides capacity for

investors to share best practice and to collaborate on investment activity, credit analysis, risk management, engagement and policy.

With a strong international profile and significant network, including pension, sovereign wealth funds, insurance companies and fund managers, AIGCC represents the Asian investor perspective in the evolving global discussions on climate change and the transition to a greener economy.

AIGCC currently has 27 members who represent over US\$2.4trn assets under management.
